THE DIGITAL SPEAKER

2027: The Year of Societal Rewiring

Approved quotes. 35 verbatim statements by Dr. Mark van Rijmenam, strategic futurist and author, taken from the report. They are the author's own words, not third-party endorsements.

Usage terms (proposed)

- Attribute to Dr. Mark van Rijmenam and link to the report.
- Do not turn a forecast into a certainty in a headline.
- Keep the 10 trends distinct from the outlier scenario.
- Keep source links with factual claims.
- Do not alter chart data.

Executive summary

> **"AI is no longer merely changing what we do. It is changing the systems through which society does things."**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Opening paragraph

> **"The shared fault line is accountability: who controls the model and the data, who answers for an agent's action, who pays for the power and who consents to the data that trains a machine."**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

Introduction

> **"Rewiring describes something less visible and more consequential: the connections between people, organizations, markets, institutions and infrastructure being rerouted, so that control, accountability, trust and money start to flow along different paths."**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Across all of them runs a question of governance under acceleration: who is accountable when the systems change faster than the institutions that oversee them?”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

Trend 1: Enterprise Sovereign AI

> **“The question has moved from whether the data is safe to who learns from it.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Large, well-funded organizations can afford control, while smaller ones depend on the promises of the cloud, so trust becomes a privilege of scale, and everyone who builds a private stack competes for the same scarce engineers.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

Trend 2: Cybersecurity Chaos

> **“The economics of attack shift toward the many instead of the few.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Security stops being an IT matter and becomes an operational and board-level question about whether the business keeps running.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

Trend 3: The Reckoning of Middle Management

> **“The manager’s job moves from managing people toward supervising and orchestrating the people who, in turn, supervise agents.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Organizations that cut layers to save cost, without redesigning how people learn, are spending their future talent to fund this year’s margin.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

Trend 4: Humanoids Hit the Economic Breaking Point

> **“Hardware is priced in a global market, while human labor is not, so the comparison tips first where labor is expensive or scarce.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Finance becomes part of the story: leasing, robots-as-a-service and the residual value of a machine with a three-to-five-year life will decide whether a business case works.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

---

Trend 5: AI Brain Fry

> **“When an agent finishes a task, the task does not simply disappear. A new one appears: read the result, recover the context, approve the next step and stay responsible if it goes wrong.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Accountability becomes a legal and insurance question before it becomes a management one.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Most knowledge workers will not manage dozens of agents in 2027. The ones who do will show the strain first.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Forecast box

---

Trend 6: Longevity Breakthrough

> **“A treatment that works for one group of patients will be described as a cure for everyone, and organizations that decide benefits, insurance or pensions on headlines will make poor decisions.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

---

Trend 7: AIC Delaware and AI-Native Companies

> **“The history of the corporation is a useful analogy, because it took generations to build the law that holds companies accountable.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Counterparties meet the second consequence: before you contract with a company, you will want to know whether software runs it and who can halt it.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

---

Trend 8: Pro-Climate Regulation of Data Centers

> **“The question about AI infrastructure is moving from how fast it can be built to the terms on which communities and governments will allow it.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Self-supply turns data-center operators into power producers, which makes the carbon question direct: gas now, nuclear pilots later.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

Trend 9: AI and Quantum Convergence

> **“What is new is that it moves from an analysis tool to a candidate component of the machine, though not yet on a continuous, real-time computation.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“The work needs both quantum hardware and frontier AI expertise, which favors the few organizations that have both.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

Trend 10: Virtual Training Grounds, Spatial Intelligence and Physical AI

> **“The people teaching the machine are, in principle, the people it could one day replace.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Opening paragraph

The Outlier: Societal Unrest

> **“The point is not that AI is causing the layoffs. It is that unrest does not wait for causation to be settled. What matters politically is what people believe has taken their jobs.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

Synthesis

> **“A software upgrade can move the economics of a role without any change in the hardware.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Moving AI inside the building shifts the security burden to the organization, and the same capability is available to attackers.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

WAVE: Turning Foresight into Action

> **“Watch: measure your own situation, not the headline.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Adapt: change the structure, not the tool. The adaptations are mostly decisions about decision rights, contracts and budgets.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Verify: replace claims with evidence, and notice which kind. Many of the trends turn on the distance between what is announced and what is shown.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Empower: give people the authority to stop.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

---

Implications

> **“A board that cannot say who answers for an agent’s action has not yet decided to deploy it.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“Treat judgment as the scarce skill. If agents produce and people approve, then the ability to review, sample and refuse is what the work consists of.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

---

Why every organization needs a resident futurist

> **“Habits take longer to form than signals take to arrive, and a team that has never practiced watching will not start on the day a threshold is crossed.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

---

Conclusion

> **“The rewiring is already under way. Whether it is designed or merely endured is still a choice, and for most leaders reading this it is one they can begin to make in the next quarter.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Body

> **“The systems are not being replaced all at once. They are being reconnected and rewired, and the connection points are where the argument of this report keeps landing: who controls the compute and the data, who answers for what an agent does, who bears the cost of the power and the water, and whose consent covers the information that trains a machine.”**
>
> **Dr. Mark van Rijmenam**, 2027: The Year of Societal Rewiring · Opening paragraph
